PROFILE SUMMARY

Full Stack Developer skilled in building scalable web applications using Next.js, Spring Boot, React, and PostgreSQL. Experienced in designing RESTful APIs, SPA architectures, and containerized applications using Docker. Proficient in Git/GitHub version control and developing AI-powered systems using RAG, LangChain, and LLM integration, with a strong focus on backend scalability and clean architecture.

TECHNICAL SKILLS

- | | |
|---|---|
| <ul style="list-style-type: none">• Languages: Java, Python, PHP, C• Backend: Spring Boot, Node.js, Laravel• Frontend: Next.js, TypeScript, Tailwindcss, TanStack Query, Zustand, redux• Databases: PostgreSQL, MySQL, MongoDB• Testing: Postman, Bruno, API Testing | <ul style="list-style-type: none">• Tools & Platforms:
Docker, Git, GitHub, Linux, Apache, Nginx, Redis• Core Concepts:
REST API Design, Microservices Architecture, Authentication (JWT), MVC Architecture, CI/CD, System Design• AI/ML: RAG, LangChain, LangGraph, ChromaDB, LLM Integration |

WORK EXPERIENCE

Software Engineer — Aeologic Technologies Pvt. Ltd. (via NICSI) 2024 – Present

Project: Goa State Legal Services Authority Website — Laravel, PostgreSQL

- Built a 15+ page Laravel & PostgreSQL web app with a role-based admin panel, JWT authentication, and access control for 3–4 administrators
- Optimized DB performance using Redis caching, designed PostgreSQL schema, containerized with Docker, and maintained Git/GitHub version control with structured branching

GitHub: github.com/PrakashShirpali/Goa-SLSA-website

Full Stack Developer Intern — Profound Edutech Pvt. Ltd., Pune 2023 – 2024

- Built a scalable e-commerce application using Spring Boot and MySQL, implementing 10+ RESTful APIs covering user authentication, product catalog, cart management, and order processing

GitHub: github.com/PrakashShirpali/Profound_Ecommerce

PROJECTS

Car Rental Website :Next.js, Spring Boot REST Api, PostgreSQL

- Developed a full-stack car rental web application using Next.js, Spring Boot REST Api and PostgreSQL, featuring 20+ vehicles across multiple categories with dynamic listings
- Implemented WhatsApp-based booking integration, containerized using Docker

GitHub: github.com/PrakashShirpali/Car-Rental-Website

AI Chatbot with RAG Integration : Python, React

- Built a movie-domain AI chatbot using RAG architecture with LangChain, LangGraph, and ChromaDB for context-aware responses
- Developed Python backend with LLM integration and a React frontend for seamless user interaction

GitHub: github.com/PrakashShirpali/AI-Chatbot

EDUCATION

Master of Computer Applications (MCA)

Chandigarh University | 2024 – 2026

Specialization:

Artificial Intelligence & Machine Learning (AI & ML)

CERTIFICATIONS

Full Stack Java Development Internship Certificate | Profound Edutech Pvt. Ltd., Pune | 2023 – 2024
